Dear Patty,

It means so much to me to see how our friends and neighbors support the work we do at the Nassif Community Cancer Center. This thank you comes from the heart. I have seen firsthand the wonderful ways the Community Cancer Center transforms lives every day. And I know it is made possible by the generous support of compassionate donors like Team Breast Friends.

Your \$5,000 gift to the Community Cancer Center is making a difference in our community. The Center depends on the generosity of people like you to help the Center provide a full spectrum of services for body, mind and spirit, including wellness programs, integrative therapies and other services not covered by insurance. Like a community, we all come together to help patients, survivors and their families in the fight against cancer.

On behalf of everyone at the Community Cancer Center, thank you for helping the Center in its mission of providing exceptional, patient-centered cancer care.

Thank you again for your thoughtfulness.
